ITALIANS DRIVE HUNS YANKS SMASHING AHEAD

Constantinople To Be Taken—New Drive In Flanders—U. S. Sinks Two Divers —Pershing Reports Victory

1,500,000 U. S. SOLDIERS IN EUROPE

WASHINGTON, Oct. 4.—American troops abroad now number 1,500,000, members of the House military committee were informed today at their weekly conference at the War Department. Spanish Influenza in camps and cantonments will retard shipments somewhat in the immediate future, they were told, the department having adopted the policy of not sending any men overseas who have been exposed or show symptoms of the disease.

AMERICAN TANKS TERRORIZED HUNS

AMERICAN HEADQUARTERS IN FRANCE, Oct. 4.—When German forces advanced on Tuesday in an attempt to capturue Apremont, on the front northwest of Verdun, American tanks suddenly emerged from the town in all directions. The tanks went lurching through the German ranks, spraying bullets into them from all sides and spreading the utmost terror and consternation.

The American tanks after smashing their way through the German lines wheeled about and repeated the operation, with deadly results. The enemy losses were extremely heavy.

AMERICAN CHASERS DESTROY U-BOATS

Rome, Oct. 4.—American submarine chasers destroyed two enemy submarines yesterday during the bombardment of Durazzo, it was officially announced today.

ITALIANS PURSUE FLEEING AUSTRIANS

LONDON, Oct. 4.—Austro-Hungarian forces in Albania are retiring in considerable disorder before the advancing Italians. The Austrian forces are blowing up their depots.

TURK TO BE DRIVEN INTO ASIA SOON

SALONIKI, Oct. 4.—"We will soon direct our blow at Constantinople, and the vanquished Turk will be thrown once and for all into Asia," declared General Franchet d'Esperey, the allied commander in chief on the Macedonia front, in replying to a demonstration today.

HINDENBURG LINE IS LEFT BEHIND

WITH THE EBRITISH ARMY IN THE ST. QUENTIN SECTOR, Oct. 4.—British forces broke through the entire Hindenburg defense system in the neighborhood of Fresnoy today. As soon as the break had been made cavalry forces swept through, being followed closely by "whippet" tanks and armored cars.

According to reliable reports, the village of Fresnoy itself was taken soon afterward.

STATE'S CASUALTIES NOW TOTAL 640

SACRAMENTO, Oct. 4.—There have been a total of 640 casualities among Californians in the various branches of the military and naval service of the United States since America entered the war, according to figures made public here today by the State Council of Defense. They are distributed as follows: Killed in action, 120; died of wounds 29; died of disease, 20; deaths in airplane accidents, 12; deaths from accidents and other causes, 16; severely wounded, 182; wounded, 96; missing, 114; prisoners, 19; camp deaths, 31.

CLASS 1-A MEN SOON TO BE CALLED FOR ACTIVE SERVICE

Members of local draft boards are of the opinion that the enforced delay in the October calls for men who registered on September 12, will be only temporary, for the latest advices from the War Department regarding the spread of Spanish Influenza, which has been responsible for the delay, is that the epidemic is abating.

They see, however, in the order of the Provost Marshal General an intimation that the delays in calls may shorten training of some units in America, but will not halt the schedule movement of troops to Europe.

Registrants on filing their questionnaires are advised by the draft boards to obtain their serial numbers at once and keep note of them as guides to their possible calls, especially all class 1 men.

CARPENTERS TO HELP THE BELGIAN BABIES

After spoochifying a minute at the Richmond Theater last night, the News scribe made a foray on the Carpenters' Union, where he found about a hundred of the builders gathered together talking over the best way to lick the kaiser. Charley Washburn was for going across in some airships and sifting a few shavings off his spinal column with jackplanes, but he was voted down. The decision was to send a delegation over to drive nails into the top of his head.

We talked Belgian Relief to the boys, and asked them to get in line for that two-bits a month apiece donation into the slot boxes now being put in, and judging from the kind reception they accorded us there will be no doubt about the two-bit pieces coming up.

Christ was a carpenter, and the son of a carpenter, and there is no doubt in our mind but what these local fellows learned that trade because they wanted to follow a good example—anyhow, they are mighty good men.

P. S.—And just as this item was being written Charley Washburn blew in and handed over $25 which the boys sent down.

High School Cadets Receive New Uniform

Twelve of the Richmond High School Cadets are proudly showing their new uniforms which were furnished by the Adkisson Dry Goods store and arrived yesterday afternoon. The full amount is expected to arrive within a few days. Major C. J. Patton, of the Mt. Tamalpias military academy of San Rafael, who attended the major cadets summer academy at the Presidio, San Francisco, has been secured to give the military drills at the high school on Fridays, succeeding Lieutenant Roy Marsh who has entered the army.

The Freshmen annual social, which had been postponed until the arrival of the uniforms will now be held at the high school auditorium next Friday evening, October 11. Miss Barth will be chairman of the entertainment committee and Franklin Brooks, president of the students body association. Refreshments will be served and a fine program and excellent entertainers will make the affair one long to be remembered. The public is invited to attend.

JO V. SNYDER A RICHMOND VISITOR

He Says, 'Dern Politics' Let's Win This World's War

Jo V. Snyder, the big and lovable fellow from Grass Valley, and who has done more for the working miners than any other man in California, was in Richmond last night, getting acquainted. He spoke on the war loan at the Richmond Theater and then got around among the people and made friends. The only reason he did not kiss the babies was because it was raining and the babies were all tucked in their little cribs and fast asleep. Jo will be around again before election, and finish up that part of the program. Better look out, ladies, or Jo may include the mothers right along with the babies—he is very friendly.

We had a long chat with Mr. Snyder last night, along about midnight, and in the course of the interview he said that at the August primary he received 32,208 more votes than his Republican opponent, C. C. Young. The total vote received by Mr. Snyder on all tickets was 178,601, while Mr. Young's total vote was 146,393. Mr. Snyder dwelled on the faults of the present primary law, of which his opponent, Mr. Young, is the author, promising if elected to use his best efforts to have the defects in the primary act corrected so as to make it certain that the will of the electors as expressed at the polls cannot be denied.

Mr. Snyder spoke of his legislative record, saying that he was a Wilson presidential elector two years ago and pledged himself by every vote, word and act to support President Wilson. Among other things he said:

"If I am elected, as a loyal American, I shall stand squarely behind the National administration in everything that tends to winning the war. If successful I shall tender my services free to the Governor of California to become an active member of the State Council of Defense, and as such would labor incessantly to make California the most loyal and patriotic state in the Union, in every sense of the word. It will be my aim and purpose to assist to the very best of my ability to banish from the state, now and forever, every I. W. W., anorchist, traitor, disloyalist or undesirable person.

CAL. PRUNE CROP TAKEN BY U. S.

Practically the entire crop of California prunes of all sizes from thirty to ninety, choice grade, will be taken for army, navy and marine corps requirements, it was announced today by H. Clay Miller of the division of co-ordination of purchase for the state food administration.

No shipments for civilian uses of these sizes will be permitted until government needs have been provided for, which means that prunes will be exceedingly scarce on the market this winter in this state and elsewhere. A large proportion of Oregon and Washington prunes also will be taken to fill the government's requirements.

Forty-five per cent of California's pack of canned tomatoes, which represent about 20,000,000 cases, has been reserved for government uses, while the entire output of solid pack tomatoes will be taken, Miller said.

California is now furnishing for the army, navy and allied requirements practically 75 per cent of the canned vegetables and 90 per cent of the canned and dried fruits which are purchased west of the Rocky Mountains, and the foodstuffs secured daily represents a money value of approximately $750,000.

AMERICANS KILL GERMANS ACCOUNT OF TREACHERY

WITH THE AMERICAN ARMY ARMY NORTHWEST OF VERDUN, Oct. 4.—When New York troops captured the village of Abri-St. Louis on Friday a number of Germans came out of their hiding places with uplifted hands and were supposed to have surrendered. When the Americans came nearer the Germans suddenly dropped their hands and, seizing handgrenades threw them with deadly effect, killing and wounding a number of the New York boys.

The survivors retreated and told the story. Then more New York troops went forward. They were armed with flame throwers and gas projectors and filled the villages with flame and gas until not a single German escaped.

RICHMOND WILL GO $700,000 ON LOAN

Last night Richmond's liberty loan amount had reached $600,000, and it is thought that fully $700,000 will be realized before the allotted time is up.

Many are of the opinion that to reach the quota is enought, inasmuch as other drives are to follow almost continually during the period of the war, but after canvassing the situation the committee thought it best to give everybody in town a chance to subscribe who wanted to, and probably the Honor Star and the naming of a battleship might be won by Richmond.

The Mobilized Women, under Mesdames Gibson and Owens, are doing splendid work and reported further progress last evening.

On Liberty Day, the 12 inst., a big parade will be held, in which everybody will participate, and on that day the Richmond record for patriotism is going to make a showing that will be very hard to beat, especially by any city this size.

Yeomen Lodge Installs Officers

Liberty Homestead of Yeomen held private installation of officers in Moose hall last night with a good attendance of the members. Mr. Andrews, District Deputy of the order did the following installing: Honorable Foreman, Herbert Coyer; Master of Ceremonies, Dave Mitchel; Chaplain, Mamie Dausy; Correspondint, Joella Bonham; Overseer, Anna Bowen; Guard, Violet Healey; Sentinel, Lewis Dausey; Watchman, Helen Cornett; Lady Rowens, Eunice Coyer, Lady Rebecca, Julia Davidson.

The visiting members present were Mrs. Cline, chief yeoman; Mr. and Mrs. Reid and Mr. and Mrs. Curtis all of Fruitvale. The installation was followed by a banquet and dancing continued until a late hour. The lodge has planned to hold childrens' day celebration on October 18, in Moose hall, many plans will be made for the little tots entertainment, and many of the yeomen children will take part in the program.

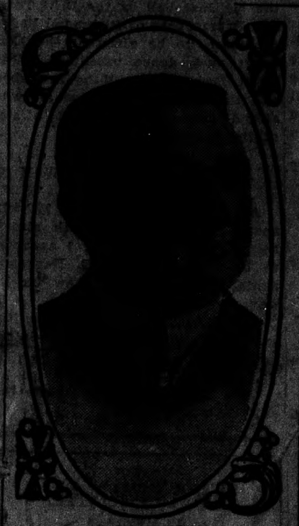
ST. MARK'S WHIST

On Wednesday afternoon the ladies of St. Mark's church entertained a very large crowd at their dime whist again, the winners being:

First, Mrs. Limmons; second, Mrs. McDonough; third, Mrs. McLean; fourth, Mrs. Riordan; fifth, Mrs. Salavos; sixth, Mrs. Hungart.

TWO SPEAKERS ENTHUSE BIG CROWD AT THEATER

Mrs. Katherine Smith And Jo. V. Snyder, Democratic Nominee For Lieutenant Governor, Talk On Patriotism



JO V. SNYDER
Democratic Candidate for Lieutenant Governor

During a slight intermission between films last night at the Richmond Theater, Manager Dan Riordon graciously allowed time for two five-minute talks on patriotism, and both were very well received by a large audience.

The first speaker was Mrs. Katherine Smith, well known local club woman and social worker, who made an appeal for the Government and for united war work that called forth cheers and hand claps from everybody in the house. Mrs. Smith is always convincing, and an earnest advocate of the right.

Following this F. J. Hubbard introduced to the audience Jo V. Snyder, Democratic nominee for Lieutenant Governor of California, who spoke along the same lines. He said he has just received a telegram from the Sacramento Bee, stating how Richmond was going on the Liberty Loan, and that he was wiring an answer that Richmond's quota was $465,000, that to make the quota in three days, got to $500,000 next day and up to last night had $600,000 subscribed, and was going still another $100,000 better, raising the ante to a full $700,000. Mr. Snyder is an eloquent and fluent speaker and had the crowd with him instantly. He was one of the Washington delegation electors for California in 1916, and expects to be the next Lieutenant Governor of California—and we hope he is.

PULLMAN EMPLOYES GET $100,000 BACK PAY

The hundreds of employes of the Pullman shops are feeling very good natured today because of a lot of money that is coming their way in a few days as back pay, the same being an increase ordered by the Government War and Labor Board some time ago.

One hundred thousand dollars will be paid out next Monday by the Pullman company to its employes as back pay under the new government ruling, dating from January 1 to July 30. Superintendent F. E. Beek received a telegram today from Chicago stating that the checks had already been started on their way. It is expected they will arrive here in time for distribution on Monday.

The lineup for Sunday's game is as follows: Smith, c; Wright, p; Parker, 1st; O'Rourke, 2nd; Duncan, 3rd; Zimmerman, ss; Powers, lf; Rasmussen, cf; Larson, rf; and Asamussen, captain.

The county grand jury meets at Martinez this morning. The Richmond members of it will be on hand they are: Mrs. Gibson, Mrs. Boone, Mrs. Donnelly, Messrs. Boyer, Sprierech and Blout.

INTERESTING ITEMS OF RED CROSS WORK

In the crowd that waited for the second show at a San Francisco Movie house was a soldier with a Red Cross button pinned on an empty sleeve. "I see you lost an arm" said a sympathetic by stander. "No, I only gave an arm" replied the soldier. The silence that fell on the careless crowd was that of a chastening spirit and one could almost hear its accusing question; "What have you given."

Heavy troop transportation sometimes overwhelms service at the Harvey Eating House in San Bernardino, and on such occasions members of the Red Cross Canteen committee assist in waiting on soldiers and sailors. Money received for this service goes to the Canteen fund.

Red Cross men did not stop their work as long as fighting continued in the battle of St. Mihiel; but as it progressed they moved ahead with the troops and got close up to the lines before the offensive began. Hot drinks were sent to the front lines in the ambulances that went after wounded. At one point between daylight and nine p. m. 180 gallons of hot chocolate were served to fighters, and 120 gallons at another point.

Dynamite Explosion Shakes Antioch

A tremendous explosion shook Antioch yesterday, causing a near panic and many local residents believed that the city had suffered from an earthquake shock. Investigation showed that the shock was caused by the explosion of a case of dynamite which has been stored in the old pottery building. This building was being wrecked and the dynamite was stored there for wrecking purposes. A fire in the refuse heap was burning nearby and it is believed that this caused the dynamite to explode. No one was injured.

THE WAR'S LESSONS

President's Wilson speech at the opening of the Fourth Liberty Loan drive was something to set the whole people to doing some good, sober thinking, and, for that matter, the whole world.

If this terrible war does not teach the world a lesson, then it will indeed be in vain. And that we all needed many lessons must be plain to all of us now, unless we have not the brains with which to think and the Christian spirit and manhood to cause us to want to do what is right.

Not only must the autocracy and wrong-doing of Germany be put down but the autocracy and wrong-doing in this country must also be done away with. All men, rich or poor, have got to come to a realization of the great principles of right and wrong, and exercise it toward one another and toward the whole world.

A monied autocracy was built up in this country that was fast becoming as unbearable as the overlord autocracy of Germany. Both are bad, and both must be curbed, and are going to be curbed.

The News blames the Republican party of corrupt politicians for most of the bad systems in this country, for under its power and administration all the trusts and evil combinations which robbed the people and placed the wealth of the country in the hands of a few were built up, fostered and encouraged, and the yin turn contributed hundreds of millions of slush money for the campaigns and the perpetuation of the political party under whose protection they were.

This is the gospel truth, and any man with a grain of sense knows it, and cannot successfully deny it, and those who try to deny it are those who benefitted one way or another by it.

President Wilson and the party he leads have made a wonderful start toward illuminating a lot of that old wrong-doing, and while it cannot be done in a short while, great strides have been made.

The great corporations who have been systematically fleecing the people for years are now under a close surveillance, and their every act is checked up, and made public. In the future, unless the people are foolish enough to put the old gang back into the saddle, there is going to be a more equitable division of the wealth of this great country, and those who really create it are going to be given a fair share.

We do not mean by this that capital is to be dealt with in any way unjustly. Capital has its rights as well as labor, and those rights should be respected, but in the past the producer has been given the worst of it, and the money bags all the best of it, and that, for one thing, has got to stop.

We believe not only in a living wage, but a comfort wage, and that, also, is coming. By comfort we do not mean luxury, by any means, but there is a happy medium which in equity and justice should be figured out, and put into practice.

While we are putting down the autocracy of Hunland, we must not forget to also strangle all kinds of autocracy in America.

Not only shall crowns and the "divine right of kings to rule" be junked, but the blessed doctrine of the Fatherhood of God and the Brotherhood of Man shall come to be the guiding creed of all. This is President Wilson's aim, and that is true Democracy. And it is right.

It begins to look as though the Hearst papers have been getting in wrong on this war and patriotism game. It is proven now that Brisbane, the head Hearst editorial writer, was a hired propagandist for the millionaire syndicate of German brewers of this Pacific coast. It will be remembered, also, that for many years the Hearst papers were always trying to stir up trouble between this country and Japan, and between this country and Mexico. And so also was Germany. It all has a bad slant.

NO LAW AGAINST BONEHEADISM

Speaking of the action of the Democratic convention, in endorsing Heney and demanding that his name be placed at the head of the ticket for the November election, the Sacramento Bee says: There is nothing in the Constitution of the United States, nothing in the Constitution of the State of California, nothing in any of the statutes or ordinances or judicial decisions in California prohibiting any man, or any political party, becoming a spectacular jackass at any time or under any circumstances.

Very true. There is also no amendments, laws or statutes against boneheadism in journalism, or against a newspaper scribbler making as many kinds of tarnation fool of himself as he wants to, and if Heney or the Democratic party of this state has anything over the McClatchy outfit of the Bee they have certainly got to go some. The main portion of a Bee is always its stern.

The Steel Trust at last agrees to an eight-hour day, and asks its thousands of employes for a conference on business arrangements. Who did it? The Woodrow Wilson Democratic administration. Don't forget that, you toilers. For as many years as any of us can remember that stranglehold outfit contributed millions to the Republican campaign funds, and was never asked by the Government to do anything other than what it desired. It is different now. Don't forget that when you go to the polls.

The dentists are throwing all kinds of fits over some proposed amendment that is on the ballot, and are flooding the newspaper offices with no end of stuff they want printed to combat it. As these gents never do anything for the newspapers all their lives, they sure have a nerve to be sending out that campaign propaganda stuff and asking that it be published free. We notice that none of the papers are printing it. It hits the waste basket as fast as received.

The Repubs of this state have adopted government ownership of railroads and telegraph as one of their planks. What a joke! Wonder if they expect to fool anybody with that sort of bunk? Who but the Republicans of California put the state under the political rule of the S. P. railroad. All such camouflage is easily seen through. Every plank of a remedial nature they ever adopted has been stolen bodily from the Democrats, who in turn got much of it from the old Populist Party.

Mayor Rolph, in his letter thanking the people who gave him 36,575 more votes than they did Stephens, says the California primary law should be changed, and state offices be made non-partisan. The News has already said that, many times. There should be no primaries at all. One election is enough. Two is an outrage.

"Carrying home the bacon" don't go any more. You just quit carrying it home, and let it severely alone, because Uncle Sam needs it to feed the soldiers. They have to have fats like that in order to fight, and you can just as well eat something else. Go out and shoot a rabbit, or catch a fish.

The surrender of Bulgaria clarifies the war atmosphere immensely. Turkey will go next, and then Austria and Hungaria. Armenia and Russia can now come back into the game. As for the Bulgars, they deserve nothing short of extermination. They are every bit as bad as the Turks.

One paper having remarked that the German crown prince took great care in all the battles to save his face, another rises to remark that if it had a face like that it would not want to save it.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California.

CONSERVE ELECTRICITY

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

Power Administrator

HARBOR MEN TO BOOST RICHMOND AS PORT

To secure new ideas concerning harbor management and learn what other cities owning waterfront are doing, Harbor Manager J. H. Miner and Traffic Manager H. M. Wade of this city have been instructed by the City Council to attend the fifth annual convention of the Pacific Coast Association of Ports to be held in Los Angeles on next Tuesday, Wednesday and Thursday.

Wade is working for the city on a commission basis to secure business for the wharf.

MAN DECIDES FATE

John Strechlin, a stranger in Richmond was picked up on Macdonald avenue yesterday by the local police and taken to the city jail. Strechlin was in a state of delirium and told the police he was loosing his mind. Drink is thought to be the trouble.

Still More Trouble At The Richmond

"There is a certain freshness of novelty to the theme of "More Trouble," the photoplay in which Frank Keenan is starring at the Richmond Theater today, which makes it amusing every foot of the way, and reveals Keenan in a humorous role quite different from the serious character parts with which he has been identified in the past. "More Trouble" contains so much clean, swift-moving fun that Mr. Rothapfel hardly needed to add the Katzenjammer kids in 'Swat the Fly' to his programme, absurdly laughable though their cartoon antics may be. The Keenan picture plot revolves about a college boy of seemingly exemplary habits, whose return home from school is followed by a deluge of bills, indicating anything but a quiet career away from home.

BULGARIAN DEBTS "SCRAPS OF PAPER"

ZURICH, Oct. 4.—The defection of Bulgaria is having a serious effect on the central empires from financial as well as political and military reasons, because of the fact that both Germany and Austria-Hungary had made large advances to Bulgaria for the conduct of military operations.

According to the Vienna Neue Presse, the total loan is above 1,000,000,000 francs. In addition to money the central powers delivered large quantities of war material to Bulgaria.

The German loans are guaranteed by the Bulgarian tobacco receipts, but the Austrian loans are secured only by Bulgarian paper.

CITIZENS MUST BE 100 PER CENT

OAKLAND, Oct. 4.—"Naturalization must be made to mean Americanization," says Judge Jesse J. Dunn, president of the Oakland community, Sons and Daughters of Washington, a movement which had its inception in Oakland in an endeavor to promote loyalty to America.

"Unfortunately, in the past the two have not been synonymous," says Judge Dunn. "Many advocates of intense nationalism have maintained that no man can change allegiance to the country of his birth, but since in the United States a naturalized citizen is by the act of naturalization itself placed on the same footing as a citizen by birth, he should make that naturalization mean Americanization."
